

Slow Art Day 2022 - April 2
Harn Museum of Art, Gainesville, Florida

Welcome to Slow Art Day 2022!

Below are the selected works of art for slow viewing, listed by location in the Harn Museum. Please find each work and spend 10-12 minutes looking at each object.

With each of the works listed below, we've provided space for you to write and draw any notes or comments. While viewing, think about what you discover in each artwork over time (do you notice new details?) and what changing thoughts you have. You are welcome to view the works in any order, and you can view by yourself or with others.

At noon, we will meet for tea and treats at the Auditorium. Take your time and enjoy the art!
